Day trip "The Roman Aqueduct and the Hot Springs"

(Level of difficulty: easy)

Circular walk Gulf of Gera – Moria – Gulf of Gera

Total Distance of the hike: 9 km,
Duration including stops: 6-7 hours

The trip: We start our hike at the Gulf of Gera and ascend through the old olive groves. We reach the chapel "Panagia Outsä" (Lady of Outsä), a relatively new church built on an old fundament. Our track takes us then to the beautiful village of Moria, a good place for a coffee break at the plateia.

From Moria we continue to one of the most impressive monuments of Lesvos: the Roman Aqueduct. You can see the impressive arches of the aqueduct from far away, but the closer you get the more fascinating the building is. We spend some time exploring the area, before we return to the Gulf of Gera.

Back at the starting point we drive a few minutes to the Hot Springs of Gera. The lovely spa gives us a good opportunity to relax after the hike in the warm water and go for a swim in the quiet waters of the Gulf.

Minimum of 2 people required, start time, meeting point or pick-up from your accommodation on arrangement.

Price for the hike: 23€ p.p. (5 or more people) or 33€ p.p. (for 2-4 people).

The extra-charge for our 🏰 package including a coffee in Moria and the entrance to the spa is 7€ per person.

Prices for larger groups (>10 people) on request.
