

COOKING IN THE FARMLAND

Lesvos island is famous for its amazing kitchen. Most inhabitants are farmers and we cook only with fresh and seasonable ingredients: vegetables, herbs, fresh fish, local meat and diary.

Get to know the secrets of the local kitchen during this cooking workshop at restaurant Meltemi in the tiny harbour of Skamnioudi, along the Gulf of Kalloni. Owner Ianoula will reveal her recipes and your cooking efforts will be rewarded with a fantastic lunch.
